We live in times when people are desperately seeking security and a life with as few risks as possible. The bold ones are those who are improvising and making up their lives as they go along. Although Arman and Amelie get in trouble by winging it, they do eventually opt for an improvised life as a pathway to adventure.

The policy drive for the UK National Health Service (NHS) has focused on the need for high quality services informed by evidence of best practice. The introduction of care pathways and protocols to standardise care and support implementation of evidence into practice has taken place across the NHS with limited evaluation of their impact. A multi-site case study evaluation was undertaken to ...
