This along with  
"College Trigonometry:  
The Third Corrected  
Edition" are the worst  
books I have ever read.  
All of the examples are  
explained in paragraph  
form and not with  
visual aid. If you plan  
on learning from this  
book, you better put in  
an extreme amount of  
time in order to just  
comprehend it.
