Counseling is designed to facilitate student achievement, improve student behavior and attendance, and help students develop socially. Mental health professionals with master's degrees or beyond,...

School Counseling - GoodTherapy

The behavioural approach to counselling focuses on the assumption that the environment determines an individual's behaviour. How an individual responds to a given situation is the result of past learning, and usually behaviour that has been reinforced in the past. For example, suppose that a child picked up a spider and took it to their mother.
