In the 1980s, guided reading emerged as a new kind of small-group instruction in schools in New Zealand and Australia. Guided reading was specifically structured to avoid some of the pitfalls of traditional reading groups while still making it possible for teachers to match books to readers and support successful processing.

Research Base for Guided Reading as an Instructional Approach

When you're ready to kick off your small-group guided reading lessons, begin by placing students in groups based on their reading levels and instructional needs. "I like to group children according to a reading range around a focus strategy. It could be
