For a lab manual, the author typically is the professor or instructor of the class in which the manual is used. Start with their last name, then a comma and their first and middle initials. Capitalize initials with no periods or spaces. Place a period after the author's name.

3 Ways to Cite a Lab Manual - wikiHow

The lab manuals also contain detailed safety, preparation, and clean up information, as well as basic information on the metric system, statistics, data analysis with spreadsheets, and lab report forms. In general, the LabPaqs appear to correspond to approximately half of the lab activities in a typical on-site course.
