It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Media And Society An Introduction

This is the book for my "Introduction to Electronic Mass Media" class. It is VERY boring to read. The professor seldom refers to it, maybe 3 or 4 times in class. However, there are some very good sections, that even though they aren't interesting, they are useful. An example is the 2 sections on semiotics.

Media and Society: An Introduction: 9780195507881: Media ...

Media and Society is a beginner's guide to studying the media and media stories. It examines the role of the media in contemporary society and analyzes representations of the world found in media texts. It offers approaches derived from media and cultural studies and includes structuralist, Marxist, feminist, and Jungian perspectives.
