Minoans | Life in Bronze Age Crete - Taylor & Francis Group

The Minoan civilization is what archaeologists have named the people who lived on the island of Crete during the early part of the prehistoric Bronze Age of Greece. We don't know what the Minoans called themselves: they were named "Minoan" by archaeologist Arthur Evans after the legendary Cretan King Minos .

Minoan Bronze Age: Civilization of Ancient Crete

ARMS AND ARMOUR To judge from the available evidence, which is far from complete, the towns of bronze age Crete were not fortified. As yet no traces have been found of city walls or defensive towers at Knossos or at any of the other Minoan centres. We may be lulled by this into believing that life on Minoan Crete was entirely peaceful.

ARMS AND ARMOUR - The people - Minoans - Life in Bronze ...

The Minoan civilization flourished in the Middle Bronze Age on the island of Crete located in the eastern Mediterranean from c. 2000 BCE until c. 1500 BCE. With their unique art and architecture, and the spread of their ideas through contact with other cultures across the Aegean, the Minoans made a significant contribution to the development of Western European civilization as it is known today.

Minoan Civilization - Ancient History Encyclopedia

The Minoan civilization was a Bronze Age Aegean civilization on the island of Crete and other Aegean Islands, flourishing from c. 3000 BC to c. 1450 BC until a late period of decline, finally ending around 1100 BC. It represents the first advanced civilization in Europe, leaving behind massive building complexes, tools, artwork, writing systems, and a massive network of trade.

Minoan civilization - Wikipedia

Housing and Furniture: The Minoans lived in caves before they lived in houses; afterwards they built huts, then finally started to build the houses. The earliest houses were built in Knossos. The houses that still remain today are the ones of the early Bronze Age survive at Phaistos, Vasiliki and Fournou Korifi.

Minoan civilization, Bronze Age civilization of Crete that flourished from about 3000 bce to about 1100 bce. Its name derives from Minos, either a dynastic title or the name of a particular ruler of Crete who has a place in Greek legend. Minoan civilization Snake goddess, faience statuette from the temple depository of Knossos, c. 1600 bce.

Minoan civilization | History, Location, & Facts | Britannica

The Minoans used nature motifs to conjure up the habitats of deities. This can be clearly seen in the decor of the Throne Sanctuary at Knossos, where a symbolic peak, the stone throne itself, was set in a wild landscape of fresco mountains; the griffin on the west wall was regularly depicted as the goddess's heraldic attendant.

TESTING THE TRADITION - The Minoan personality - Minoans ...

This indicates that the Minoans were part of an interconnected Bronze Age world. These exciting findings prove that the Minoans were the first Europeans to use primates in art. This study has also shown that the Bronze Age world may have been more interconnected, than thought.
