### Primary health care nursing - APNA

Originated in 1969 by staff nurses at the University of Minnesota, Primary Nursing is a system of nursing care delivery which emphasizes continuity of care and responsibility acceptance by having one registered nurse, often teamed with a licensed practical nurse and/or nursing assistant, who together provide complete care for a group of patients throughout their stay in a hospital unit or department. While the patient is on the nurses' unit, the primary nurse accepts responsibility for administe
