It is a science, but the book should be comprehensible to someone other than a professor that teaches it. To learn program management, I recommend the text from the course I took at Brandeis, Program Management for Improved Business Results by Dragan Z. Milosevec, Russ J. Martinelli, and James M. Waddell, ISBN: 978-0-471-78354-1.

Amazon.com: The Standard for Program Management ...

Really though, the Standard does a pretty good job of adopting the same sort of current model and approach from the PMBOK version 4 to the Program space. It even does a better job in my opinion of explaining the relationship between Portfolios, Programs and Projects, and the scope of the organizations tasked with driving these beasts.
