Introduction. This book aims to bring together different contributions highlighting how the recent changes that modify universities' activities, such as the necessity to internationalize and crucially rely on third party funding, and the new entrepreneurial trajectories stemming from the recent economic-financial crisis, contribute to emphasize

Entrepreneurial activity, as an output of
the entrepreneurial ecosystem, is
considered the process by which
individuals create opportunities for

Access Free University Evolution Entrepreneurial

innovation. This innovation will eventually lead to a new value in society, and this is, therefore, the ultimate outcome of an entrepreneurial ecosystem while entrepreneurial activity is a more intermediary output of the system.
